

Welcome Back!

We're glad to see you! As always, your health and safety are very important to us so we've put in place a few new policies for everyone's protection.

- All tools and chairs are sanitized between appointments.
- We ARE able to service beards.
- Until further notice, we will be working by **appointment only**. We will resume Walk-in service as soon as it is prudent.
- We ask that you **wait in your car or elsewhere until your appointment** time.
- Please **arrive for your appointment on time** and with the consideration for the time needed to conduct sterilization of the barbers' work area.
- Please **provide 24 hours notice if canceling** your appointment.

We are following both CDC guidelines and good health practices to keep everyone safe and healthy. It is of the UTMOST importance to us to keep you and your family as well as our Cruisin' Style family from any risk of infection.
